

Idea bank – Lifting and lowering and tiltable conveyors

8924

AX100 – Undriven, tiltable roller conveyor

9410

AX100 – Undriven, tiltable roller conveyor

10661

AX100 – Undriven, tiltable roller conveyor

6749

AX100 – Undriven conveyor with hydraulic adjustable support and pneumatic tilt function

6766-1

FR100 – Lifting and lowering roller conveyor with timing belt conveyor as transfer

6766-2

FR100 – Lifting and lowering roller conveyors with timing belt conveyor as double transfer

8779

FR100 – Tiltable roller conveyor with disc guides and recess for transition to timing belt conveyor

6013

FR100 – Tiltable chute for merging of empty boxes from 2 levels

10632

ZP100 – Lifting and lowering roller conveyor

5660

KE100 – Lifting and lowering roller conv. for transfer in and out of 1/2-pallets in chain conveyor

9063

BT110 – Tiltable belt conveyor

3691

BT110 – Tilt function for 2 levels

* Datasheet available

Idea bank – Lifting and lowering and tiltable conveyors

8541

PA1500 – Lifting and lowering chain conveyor for transfer of steel pallet between chain conv.

PA1500 – Tiltable chain conveyor, bellow cylinder Type TKT *

4112

PA1500 – Tiltable chain conveyor

7958

PA1500 – Tiltable chain conveyors coming into roller conv. from opposite directions

8739

PA1500 – Tiltable chain conveyors coming into roller conv. from opposite directions

3354

PA1500 – Tiltable chain conveyor For transport of pallets with short side leading

5367

PA1500 – Tiltable chain conveyor, 3 strings with wide c/c between strings

4674

PA1500 – Tilting chain-conveyor, 4 strings. Side mounted motor

6250

PA1500 – Tiltable chain-conveyor, 4 strings. Motor between chains

10981

PA1500 – Tiltable chain conv., low built. TH 300 mm. Reinforced for long length and load 1500 kg

6969

PA1500 – Tiltable chain conveyor, 3 strings, low built. TH 240 mm

6805

PA1500 – Chain conveyor with tiltable end, low built. TH 320 mm

* Datasheet available

Idea bank – Lifting and lowering and tiltable conveyors

5177-1

PA1500 – Chain conveyor with tiltable end, low built. TH 270 mm

6893

PA1500 – Chain conveyor with tiltable end, low built. TH 250 mm. With checker plate

10619

PA1500 – Tiltable chain conveyor. Lifting motion with cylinders

9754-1

PA1500 – Chain conveyor with tiltable end. Electrical lifting motion

9754-2

PA1500 – Electrical lift motion with one motor in common for 3 pcs tiltable chain conveyors

8737-3

PA1500 – Chain conveyor, separately tiltable in both ends

2939

PA1500 – Tiltable chain conveyor, with buffer for pallets on both sides of roller conveyor

8737

PA1500 – Chain conveyor with tiltable sections in both ends

9550

PA1500 – Chain conveyor tiltable in both ends. Table for pallet buffer in one end

5385

PA1500 – Double tiltable chain conveyor

5785

PA1500 – Chain conv., sideways tiltable. To get goods loaded on a tilted conv. horizontal

7045

PA1500 – Guiding for a stable transition between 2 conveyors at lifting and lowering function

* Datasheet available
